Millions from Conventions

City Urgently Needs A Civic Auditorium

For a number of very important reasons, Bakersfield urgently needs a civic auditorium.

This city is searching for means to stabilize its economy. More industry is essential but industry is slow in developing.

An industry of major economic importance, which most people hardly think of as an industry, is the large scale promotion of conventions.

Bakersfield is ideally located for a convention city. It is centrally located to both Northern and Southern California.

Bakersfield has the hotels and motels and the fine restaurants to accomodate large conventions.

Ultimately, and probably sooner than most people think, Bakersfield will be bypassed by Highway 99. Whether this bypass is located just west of Oak Street or some distance West of town, the hotels, motels and restuarants both on present 99 and in downtown Bakersfield will lose business.

There are only two essentials to making Bakersfield a key convention city, an adequate civic auditorium and consistent promotion. A constant run of conventions can bring many millions of new dollars into this community.

There will be problems in financing a civic auditorium. Some joint venture probably will have to be worked out between city and county.

A new veterans building has been planned by the county for some time. Perhaps this could be incorporated in a Veterans Memorial Civic Auditorium, with facilities for smaller veterans meetings and social activities included within the auditorium structure.

For those who realize the urgency of firming up the economic life of this community, as well as providing a needed community center, a civic auditorium should have a top spot on the agenda.

Councilmen Seek Agreement With State On Oak Street

Frank Sullivan, Schweitzer Go To Sacramento

City Councilmen Fred C. Schweitzer and Frank Sullivan are scheduled to meet with State Director of Public Works Frank Durkee in Sacramento next Tuesday in an attempt to reach an agreement between the city and the state on the four-laning of Oak Street.

Schweitzer and Sullivan were appointed by the council for this assignment last Monday only after a rather heated sideplay as to whether City Manager C. Leland Gunn should accompany them.

The side-play, which was spurred by Councilman Ken Croes but, in the end, won no council support, was a postlude to the council battle of a week previous when both Croes and Mayor Manuel J. Carnakis opposed a council resolution calling for the removal of a proposed westside Highway 99 bypass from a position paralling Oak Street to a location west of the City limits.

Report Outgrowth

Following revelations in recent issues of the Press that the State Division of Highways had committed itself as early as 1947 to the widening of Oak Street, there have been indications from state officials that the State now proposes to go ahead with this project.

The Oak Street widening controversy is an outgrowth of a report made by the city administrative heads which recommended a 99 Bypass freeway paralleling Oak Street.

The administrative heads gave as their reasoning for the construction now of a 99 Bypass that it would allow the state to determine how much traffic relief could be obtained on Highway 99, before the state's elaborate plans for 99 grade separations were undertaken.

As indicated by the large number of persons attending a council meeting at which the bypass paralleling Oak Street was presented, the majority of the council has large popular backing in support of the Oak Street widening and the location of the freeway further to the West.

..LOOKS OVER STADIUM—World's 880 yard run record holder, Lt. Lon Spurrier of Delano and Hamilton Field, kneeling, gets a glimpse of where he hopes to win the national championship next June at the AAU meet in Memorial Stadium. Left to right are Si Tyler, Central Section AAU president; J. B. Haralson, meet director; H. W. (Pat) Kelly, meet's hospitality chairman, and Lt. Col. C. L. Ashley, Spurrier's commanding officer. Spurrier was honored at last night's Trade Club where 15 national AAU and Olympic officials and past Olympic champions were in attendance.

Old GREY HEAD Says:

Turning the pages of history reveals that the common peoples thinking has been much the same regardless of where they lived on the face of the earth. The punishment the people have had to bear has stemmed from the fact that they have listened to and followed false leadership.

It is like worshipping an idol instead of God.

There is a moral in the above and it is this—much has been said about the annexation question pro and con. There is nothing new about this question. A study will reveal that in the end areas have always been annexed. It is a natural and an economical fact that in unity there is strength and progress goes hand in hand with it.

May these people in the territory to be annexed forget the ballyhoo and that leadership. Close the door, sit quietly alone and answer that voice within their heart and when they go to the polls and vote, let that vote be one of common sense for the good of all and all time to come.

Daily Paper Distorts News Says Councilman Schweitzer

City Councilman Fred C. Schweitzer, in a prepared statement made at Monday night's council meeting, charged a local daily newspaper with twisting and slanting the news and misquoting members of the city council.

Schweitzer's statement is as follows:

"Mr. Mayor, there is something I would like to say.

"Other councilmen have voiced their feelings on this subject before.

"In my doing so tonight may I make it clear that on my part there is no rancor or intent to harm anyone but rather the opposite, and to the end that the people shall know the facts and good government prevail.

"Ever since the day I first sat on this council, a local daily newspaper has had a consistent and marked tendency to twist and slant, to misquote and to use their news columns to editorialize what has been done and said on this council floor.

"If this procedure has been done by chance rather than intent, then I believe my bringing it to their attention and to the attention of the people will clear the air and solve the problem, for I deeply believe in order to command respect you first have to grant it and it always pays to be honest and ethical yet never surrendering a principle.

"Furthermore, I hope they will accept this constructive criticism in the same fair manner I have presented it. It is essential to be compassionate and unnecessary to be vindictive. Future time and events will be the oly answer to me and by such I will be guided.

"Finally, speaking for myself I would respectfully request that when I am quoted in an allusive manner that they use my name instead of saying 'another councilman'.

"For I want everyone to know that I assume full responsibility for all I say and advocate. And I am old and experienced enough to meet that challenge if such must be."

Appraisers Honor Forrest Cassady

Forrest A Cassady, state inheritance tax appraiser, was presented a scroll of appreciation for his serving as president during 1955 of the Society of Residential Appraisers. Presentation was made by Bill Rattray.

The society also heard a talk on "Factors Affecting Residential Appraisers" by Mr. Ben Solari, chief of appraisers of the Bank of America.

Methodist Church Has Fund-Raising Dinner

A fund raising dinner for the building fund will be held today by the St. Paul Methodist Episcopal Church from noon to 6 p.m. The dinner will be held at the Oeschsli Hall of the First Methodist Church located at Truxtun and H Street.

Rev. H. H. Collins is minister of the St. Paul Church. The public is invited to attend the dinner which will consist of turkey or ham. Contributions will be asked.

SERVICE PROJECT — Pack 6 Den 6 Cub Scouters sponsored by the Horace Mann P.T.A. visited the elderly ladies ward at Kern General Hospital Tuesday as a service project. They presented the ladies with candy, and homemade valentines and fiber flowers. The ladies were their sweethearts for the day. Sitting in front is Mrs. Bessie Watherton while cub scouters present l-r are Mike Lingo, Harold McCown, Bruce Mailman, Paul Adams and Lance Williams.

Victory Seen

Meeting Signature Deadline Is Assured by 150,000 Club

IN COURT — Marshal E. Tice enters the Superior Court Tuesday with his attorney to face charges of willful misconduct in office levied against him in a grand jury accusation. He will face 13 separate allegations. Tice has been in office since 1952.

City Clerk To Get Papers By 5 p. m. Tonight

Victory is seen today for a gigantic civic campaign to put the Greater Bakersfield consolidation issue on the ballot.

By the deadline at 5 p.m. today sufficient signatures will be in the hands of the city clerk to put a vote of the people the issue as to whether or not some 100,000 residents of Bakersfield's fringe areas will join the City of Bakersfield, leaders of the 150,000 Club, sponsors of the movement, revealed last night.

In order to make certain that a surplus above the 25% of registered voters in the area seeking annexation, are in hand, 150,000 club signature solicitors will work right up to the deadline, Colonel Howard Nichols, president of the club, said.

Ten days ago, the club faced the staggering job of securing an additional 3,300 signatures due to the fact that a large percentage of the signers on the original petitions were declared invalid, because they had moved from their precinct or had failed to register.

(Continued on Page 2)

Filter Center Plans 3-Day Open House

Appearance of many film, radio and Air Force notables at next Monday night's Air Force-Air Defense show to be staged in Harvey Auditorium will inaugurate three days of open house at the Air Defense Filter Center, located at 1700 19th street.

The center will be open to the public so that they may observe their friends at work, doanting their time 24 hours a day to protect the United States from an enemy air attack.

Among the top military marching and swing bands of the United States Air Force is the March Air Force Base unit, which will play at Monday night's show.

The show is in celebration of the first year in operation of the Bakersfield Filter Center.

Open house will begin on Tuesday. There will be no speeches or entertainment, but coffee will be served. The volunteers on duty are glad to demonstrate methods of aircraft spotting and reporting, and explaining how this work fits in with the overall air defense picture. The Bakersfield Filter Center is the control point for more than 80,000 square miles, covering the counties of Kern, Kings, Tulare, Inyo, Mojave, northeastern corner Los Angeles, and northern part of San Bernardino, also the southern part of Nevada, southwestern part of Utah and the northern part of Arizona states.

Crime Displays Shown to Public on Saturday

An open house Saturday from 9 a.m. to 9 p.m. will mark the close of a week long observance of Crime Prevention Week in Bakersfield which was sponsored by the Bakersfield Exchange Club and local law enforcement agencies.

The open house will be held at the modern Bakersfield City Police Department building located on Truxtun Avenue between H Street and I Street.

On display for the visitors will be the latest equipment used by the law enforcement agencies. The display will be brought from Los Angeles by the George F. Kit Co. which deals in police equipment. Also on display will be a typical crime scene and how the police go about investigating a crime. Live entertainment will include Roger Pond and his dummy Gary Allen and an afternoon show by the Falmas Brothers, a singing quartet now appearing at the Saddle and Sirloin. Police movies also will be shown.

Assistant City Police Chief C. Dodge said that visitors should plan to spend at least two hours at the open ouse and that they could stay four without seeing the same thing twice.

AIR POLICE PARTICIPATES TOO — Lt. Carr of U.S.A.F. Air Police shows Exchange Club Chairman for Crime Prevention Week, George Xezonatos and Highway Patrolman R. G. Bebinger a sample of some of the weapons which will be on display at the Bakersfield Police Building Saturday. Also looking on is Air Police Sergeant Harry Taylor.

NO SECOND TERM FOR PRESIDENT

By Mary Gregg

"Ayres, it isn't the personality that counts (referring to the candidate for the next election) . . . it's this program".

These were words spoken by the President of the United States to William H. Ayres, Congressman from Ohio, who spoke to members of Pro-America and Republicans from three counties at the Pro-America Lincoln Day luncheon at Bakersfield Inn yesterday.

A young man and a small business man who fought in the last war, Ayres captured his listeners with his sincere and definite stand on the issues of the day. He emphasized that the President is concerned not with who runs but with the continuation of "this program".

Will Not Run

"I have good reason to believe President Eisenhower is not going to be the Republican candidate," continued Ayres. He believes in the program and the men behind it.

"Our hats are off to the President and his Budget Bureau for a magnificent job during three tough years. There were many obstacles. The pull of the momentum was terrific. Bills contracted in previous years had to be paid. There was no armistice in the Cold War. We had to keep up our end in the race for atomic weapons, guided missiles, jet planes, and all the rest. Every year, seven billion had to be paid as interest on the debt.

"He was taking over a nation which had been rolling high, wide, and handsome. He had to put the brakes on inflation and spending, but if he threw them on too suddenly he might jar us into depression. After three years at the throttle, the recent budget message announces that we are about to reach the much longed-for station along the line —a balanced budget.

Peace Strongest

"And now wages and employment are at a peak and we are on the threshold of a 400 billion dollar economy. Better still, we have kept the air in our brakes by stopping inflation.

Under the Republican stewardship these past three years, America has learned the true meaning of Peace, Progress and Prosperity. We, as Republicans must realize the power contained in those three little words. Those three little words: Peace, Progress, and Prosperity will win the election in November. Of the three words Peace is the strongest. Peace is the real issue.

And the progress toward peace has been made under Eisenhower. The President at Geneva rendered magnificent service to the free world on two counts.

This was the first conference ever held with the Rusians at the Head of State level in which the United States surrendered neither principle nor territory.

The President, for the first time since World War II, got the United States off the defensive and on the offensive on the great issue of peace before the world."

ETHICS TOPIC OF USED CAR DISCUSSION

"Advertising Ethics," was the topic of discussion at the regular meeting of the Kern County Used Car Dealers Association which was held at Maison Jaussaud.

Harold Wadman, representing the Better Business Bureau of Bakersfield, spoke on the topic. One of the main things he pointed out was what is happening in other cities and what they are doing about it. He also complimented the local dealers on their honest advertising.

Three new members were accepted into the association. They are George Burkett Used Cars, King and Simpson Used Cars and Len Warren Used Cars.

Kenneth Paul Leads New Press Drive

Leading the field in the number of subscriptions to the Press sold in the month of January was Kenneth Paul. The boys are stomping to win a trip to Disneyland next month.

Following the leader are Buzy and Jay Caffee with 104 subscriptions and Robert Richel and Beaver Stanley with 99. More than 25 carrier boys for the paper ar ein running to win a trip. This will be the big month for most of the boys, according to "Sharky" Cromwell, Circulation Manager.

Any boy who sells 80 new subscriptions during the month of February will still qualify for the trip. Meeting of the Eastside boys will be held Thursday afternoon at 4:30 p.m. Friday at the YMCA. In a contest between the East and the West, the Westside boys have regained the lead.

The following boys have been selected as Captains in their respective district: Dick Cross, Alton Hammers district; Louis Wood, Rex Mason district; Beaver Stanley, Pete Newell district; Jerry Jump, Carl Bosser district; Billy Mathews, Jerry Perry district; Jay Caffee, Bob Clerico district; John Crandell, Laurie Strauss district; Max Anderson, Sid Thompson district and Ronald Short, Jim Bartholomew district.

Any person who hasn't been contacted but would like to subscribe to the Press may call FA 7-2206 and the carrier boy on their route will get credit for the sale.

Tomatoes originated in South America and were taken to Europe; from where they were introduced in the eastern United States.

BEST MORTAR CREW — Two awards for outstanding achievement were present to Compnay M, 185th Infantry, California National Guard, M onday night at ceremonies held at the Armory. The company was presented the Outstanding Mortar Gun Crew trophy. The company also received the National Guard Bureau Gold Certificate which is given to a unit which receives a superior rating during summer training. Making the awards is Lt. Colonel Charles H. Bell. Others in the front row are First Lieut. Hal E. Aaron, commanding officer of the company and Sgt. Tony Gallegos.

Plans for New Fair Exhibit Explored

Preliminary plans for the design and motif of Kern County's exhibit in the 1956 California State Fair will be explored by the Kern County Board of Trade State Fair Exhibit Committee at a luncheon session today.

The meeting will be presided over by Dr. Glenn Hallock of Wasco, who has been reappointed by Board of Trade directors as afir committee chairman. Meeting has been set for Cy's Downtowner.

Color, light and motion are again expected to highlight the Kern County exhibit, Dr. Hallock said.

In the past three years, the Board of Trade exhibit has won over $4,200 in cash premiums at the State Fair.

The county display, as in previous years, will give equal recognition to the County's chief resources, oil and agriculture, according to Dr. Hallock.

Last year's sweepstakes-winning Kern exhibit was acclaimed by Gov. Goodwin Knight and many veteran State Fair visitors as the "finest ever shown by Kern County."

More About . . . 150,000 Club

(Continued from Page 1)

In order to insure the necessary additional signatures, the club made card files of approximately 28,000 voters in the unincorporated area and methodically canvassed these voters.

"Now that the tremendous job of getting the consolidation issue on the ballot, we will concentrate on a campaign of education to inform every voter of the advantages of consolidation," Col. Nichols said.

California is the largest producer and exporter of fruits in the worldd.

Political Parade

By CLEM WHITAKER, JR.

"If (President) Eisenhower's decision throws open the Presidency, California will produce the noisiest political brawl since McKinley licked Free Silver."

That is the conclusion one of the great national magazines reaches in a story of interest to every Californian — "The Gentelemen From California", by Theodore H. White in a recent Colliers.

White says that in four years California has grown politically from "a faraway scouting ground for Eastern leaders seeking collateral strength" to a new power source "almost as important a prize as the Presidency".

"Out of its bosom," he says, "it has nourished to massive national importance four men, each with a major claim on the Presidency of the United States. Only one can win. Skillfully handled, this depth of talent could let California decide who will lead the Republican party for the next four years. Played wrong, it can blast the Republican Party apart and turn California, the nation's new political titan, over to the Democrats whom the Republicans have so consistently outwitted for 20 years."

How does White see Nixon, Knowland, Knight and Warren?

"Goodwin J. Knight . . .one of the most instantaneously charming men in public life today. Shrewd enough to protect himself from the epithet of egghead by a wondrous platform collection of jokes and anecdotes, he is, nevertheless, a scholar of American politics in its deepest sense. (He) has taken to himself the Warren position of the broad middle road."

"Richard Nixon, the dark, handsome, boyish Vice-President of the United States is a politician of completely different stripe . . . he now fills the role of junior-executive statesman. Nixon's true base is a mastery of modern communications, radio, television and public relations. Tense, moody, introspective, Nixon is the antithesis of Knight . . . both are magnificent speakers, with but one difference. Where Knight leaves an audience friendly and relaxed, Nixon leaves them fused and charged with emotion."

"Senior Senator William F. Knowland represents an older California than either of the other two—the older conservative California. He is the principal national executor of Robert Taft's political estate. He has labored as hard at politics as Goodwin Knight. Knowland seems solemn and forbidding . . . yet he is, nevertheless, an exceedingly pleasant and cordial man to meet."

"Earl Warren came to power in 1943. In California politics, Earl Warren combined the roles of benign father and trusted family counselor. He had the indefinable human 'call' to ordinary people. In California his turndown of the nomination is accepted as fact."

Boosters Sign Three Ball Players

LITTLE QUOTES

By WALT LITTLE

BOUNCING AROUND . . . Three boys from Garfield High School showed up on the Bakersfield College campus and are attending school here. They hope to play football next fall. East Los Angeles Jaysee put up a squabble with the conference about it, although the boys reportedly said they will go anywhere but to East LA . . .

Art Lilly, whose head is probably swimming with names of Bakersfield people which he won't be able to remember, has been making the rounds getting acquainted. Yesterday he attended the Bakersfield Lions Club and last night he attended the Trade Club. Television and radio appearances are on tap for today and tomorrow. On Feb. 23 he will be at the Sunset Sons' Banquet and Feb. 28 will be a guest along with Duke Snyder of the Brooklyn Dodgers at the Garces Boosters Club . . .

Uncle Sam is seeking to make a decision fast on settling the baseball problem locally so that the equipment can be made available to the Bakersfield Boosters . . .

The team may have a business manager by tomorrow night if a certain person accepts. He would be terrific . . .

Track and field notables were impressed with their inspection of Memorial Stadium yesterday afternoon . . . They were guests at the Trade Club last night . . .

Visalia Country Club knocked over Stockdale women this week 19 to 8. The local group currently are in third place in the home and home match play of the league involving Fort Washington of Fresno, Kings County, Sunnyside of Fresno, and Bakersfield Country Club . . .

Now living in Bakersfield is Doc Gildes, representative of Wilson Company. He's a scratch golfer . . .

Only a couple of very minor changes were made in New York by AAU track and field officials from the way it has been laid out by our own J. B. (Cap) Haralson . . .

Ticket sales for tickets to the AAU have gone over $7,000 already . . .

North High School will field a completely veteran baseball team this season when they enter the South Yosemite League for the first time . . .

Dexter Hamond, new radio station owner, is seeking to get Leo Durocher here for the opening of the baseball season. The new owner is an allright guy . . .

Coaches and officials will have their annual golfing outing on March 10 . . .

Chief of Police Horace Grayson and Walter Wickersham both went wild pig hunting in Arizona without much success.

Pfc. MERVIN J. VALENTINE, Jr., son of Mr. and Mrs. Ted Gray of 1221 El Toro Dr., Bakersfield, is attending a special training course with the 1st Infantry Regiment at the Marine Corps Base, Camp Lejeune, N. C. He is a former Garces High School football and basketball star.

Week of Decision in Cage Race

EB Holds Keys in Big Race

This could be the week of decision for the South Yosemite League high school basketball teams. Both Bakersfield and Taft High Schools are battling for front stage center, only a game apart in the standings.

Taft High School's Wildcats, losers only once this season, are faced with meeting the lone team that defeated them this season, East High on the Blade court tomorrow night.

Pressure on Blades

Bakersfield High School, a win behind the Wildcats, must face the same East Bakersfield High quintet on Saturday night. It puts the pressure right on coach Jim Waterman's Blades.

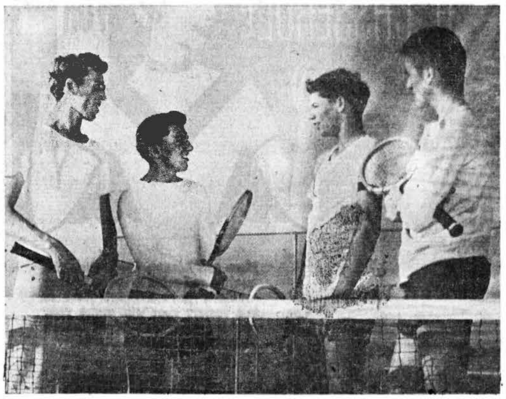
Adding to the problem of the Blades, they can, by knocking over both Taft and the Drillers shove themselves right back into the championship picture. This is a huge order for the East Siders, but not outside the realm of possibility if they can keep the score down.

Going into the big weekend, Taft has a 6-1 record, while Bakersfield rests at 5-2 and East High, 4-3. Both big contests will be in the Blade gymnasium.

Play Arvin

Prior to meeting East High, Hank Pfister's Drillers remain at home and play hosts to Arvin High tomorrow night. On Saturday night North High invades Taft's gymnasium.

Other games tomorrow find Tom Bailey's North Stars traveling to Delano and Shafter invading Garces for a South Sequoias League tilt. On Saturday Delano is at Arvin.



TOP NETTERS—Moving up into the South Yosemite league competition this year, North High expects to make a good showing as it is reported that Bakersfield and East Bakersfield squads are weaker this year and the North High team beat Arvin and Taft last year. They also were the Valley Sierra League champions. Mainstays of the team this year are Jerry Kurtz, Carl Dunn, George Orrick and David Berggren.

Rice, Valentine In Rubber Match At Strelich's

In what might be classed as the "rubber" match between the two professional wrestlers in the local ring, Tom Rice and Rocky Valentine clash tonight at Strelich Stadium.

The two hombres have met three times in their local series and the count is all even. However, it's hard to determine the winner in any of the matches. They have always wound up in highly unorthodox methods.

The pair will collide over two out of three falls, one hour time limit.

Giant, 290-pound Leo Jonathon and Great Kato will get together in a tag team match against John Tolas and Lee Hanning in the semi-main event over two out of three falls, 45 minute time limit.

The opener pits Rocky Brown against Ray Heffernan.

The bouts are scheduled to start at 8:30 o'clock.

Cub Scout Honors Are Given to Four Boys

Cub Scouting's highest rank was awarded to four members of the Cub Pack 403, sponsored by the River Blvd. PTA at a recent meeting.

The Webeloes badge was presented to Bob Hulsey, Bruce Patterson, Bob Stuebbe and David Smith by Reverend Robert Stuebbe, Cub Master. Graduation ceremonies from Cub to Boy Scouting also was held during the meeting. Those receiving special certificates of graduation were David Smith and Bob Hulsey.

Driller Tennis Future Faces Tough Go

Bakersfield High School's domination of San Joaquin Valley prep tennis is on the shaky side this season according to Coach Hank Pfister.

Pfister, who once teamed with Art Larsen to win the National Inter-Collegiate doubles crown for College of Pacific, is currently doing double duty as varsity basketball coach and tennis coach at Bakersfield High School.

Last year's valley singles king, Bobby Moore has graduated, but Pfister still has second and third seeded players from last year's team in Rebel Bellamy and Bryan Rapp, to build his team around in hopes of another crown.

The Drillers will open their South Yosemite League schedule against Wasco High School on March 16.

The schedule:

March 16—Wasco at Jastro Park
March 23—Arvin, there
April 6—Delano at Jastro Park
April 13—Taft, there
April 21—League finals at Jastro Park
April 27—North at Jastro Park
April 28—Division finals at Jastro Park
May 4—East High at Jastro Park
May 5—Valley finals
May 11—Shafter, there.

RACES SUNDAY — Speeding around a turn at a recent Willow Springs event is Jimmie Phillips who is expected to be on hand when the AMA presents inaugural motorcycle event at the Bakersfield Speedway this Sunday.

GARCES DISCUS THROWERS—Returning lettermen Barney Montoya, Chuck Werdel and David Salum discuss their prospects for the coming track season in the discus event.

Motorcycle Races Set For Sunday Afternoon

Speeding motorcycles will put the roar into the Bakersfield Speedway for the first time this season, when the American Motorcycle Association brings a host of riders to perform on the redone track this Sunday.

A jump on the regular season, before the bikes branch into different circuits, will allow a great number of the top flight riders to descend upon the local oval in hordes.

According to promoter Spud Simpkins, the quarter mile track had to undergo a complete surface change to greet the visiting speedsters with the most desirable conditions. First the black clay, which provides one of the fastest quarter mile tracks for cars in the country, had to be bladed away. Secondly, with the natural dirt remaining, the surface had to be worked and reworked to make a fine, slippery dirt surface which allows the bikes to take their turns faster.

Co-operating with the AMA to make the event successful, the Reveliers, a local motorcycle orgnaization, will take on the actual officiating.

With the mild weather prevailing, Simpkins decided to stage the show in the afternoon. The first race will start at 1:30 and eight events will follow.

Good hunting and good fishing are the products of good forest management.

Manager Art Lilly In Town For Few Days

A pair of rookies and a limited service ball player have been signed to contracts of the new Bakersfield Boosters baseball team, according to equally new manager, Art Lilly.

The new Booster pilot said he signed the boys on recommendation of Babe Herman, long-time major league scout. Lilly is in town for a few days making some more arrangements concerning the organization of the club.

The limited service player is Richard Conners, 19-year-old outfielder-infielder from Glendale. A switch hitter, he played for Bisbee-Douglas in the Arizona-Mexico League where Lilly said he hit around .300. "He's a little guy who can run. He's a good leadoff man, drawing lots of walks," Lilly stated. Conners is only five feet, five inches tall.

Two on Roster

The rookies are Dick Linder, 19-year-old pitcher from Glendale, and Manuel Ortega, 19-year-old shortstop-pitcher from San Pedro. Linder is six feet tall and a right hander. Ortega is five feet 11 inches tall and also a right hander.

Attorney Roland Woodruff added that two former Bakersfield Indians also are on the roster, although they haven't been sent contracts as yet. One is Don Gemberling, former shortstop who has been in the service. The other is veteran catcher Joe Potts.

Lilly said he hopes to talk to some of the local talent and also make plans for staging a tryout camp sometime early in March. He said he is trying to negotiate with a couplt of highly regarded veterans in southern California and hopes to get clearance from the local board of directors to sign at least one.

Board Chairman John Logan announced the county is repainting Sam Lynn Park. Negotiations with the county board of supervisors has yet to be made before the Boosters can use it.

Spring training is scheduled to begin on April 2.

Between Fisherman's Wharf and China Basin, a distance of about 3½ miles, there are 43 deepwater piers at the Port of San Francisco.

Year-round recreational, sports and entertainment activities are plentiful in San Francisco.

"Last Chance" Is Order for Gades

Their chances of remaining in the Metropolitan Conference title picture in basketball at stake, Bakersfield College's Renegade quintet goes south tomorrow night to meet Los Angeles Harbor and then comes home on Saturday night to meet El Camino's Warriors.

Currently alone in fourth place the Renegades must get over first place Los Angeles Harbor in their game to be played at 6:30 p.m. in the Harbor gym, and third place El Camino to even stay mathematically in the picture.

Coach Norm Kettering's Harbor quintet, led by forward Jim Newman, took the measure of Bakersfield, 66-68, in their first outing and is favored to repeat.

The game will bring together two of the top conference scorers in Harbor's Newman (279 points and a 27.9 average), and Bakersfield's star forward Bill Cowan (199 - 19.9).

Comparing offensive-defensive records, there is little to choose between the teams. Harbor has scored 793 points in 10 games and Bakersfield's crew has amassed 784 points in 10 games.

El Camino will rely on the sharpshooting of forward Wally Torkels and guard Don Stewart to provide the scoring punch. Both are among the league's top scorers.

Team Standings (Feb. 13)

College	G	W	L
LA Harbor JC	10	9	1
Santa Monica	10	7	3
El Camino	10	7	3
Bakersfield	10	6	4
LA Valley JC	10	5	5
Long Beach	10	4	6
San Diego	10	2	8
East LA JC	10	0	10

Individual scoring: (Feb. 13)

Player	College	TP	AV.
J. Newman,	LA Har.	279	27.9
H. Wilson,	San Diego	210	21.
B. Cowan,	Bak'f'ld	199	19.9
B. White,	S. Mon.	175	17.5
W. Torkells,	El C.	161	16.1
A. Cathers,	East LA	160	16.
T. Inouye,	East LA	152	15.2
F. Consiglio,	El C.	150	15.
R. Williams,	S. Mon.	148	14.8

The Spanish word for ash tree is "fresno," and it was because of the abundance of mountain ash in the vicinity that Fresno County was so named.

SPORTS QUIZ by LYLE BROWN

2-WHAT TEAM DID THE MINNEAPOLIS LAKERS BEAT 104 TO 102, FINISHING WITH ONLY SUBS IN THE GAME?

1-NEIL JOHNSTON GAVE UP A CAREER IN WHAT SPORT TO BECOME THE NATIONAL BASKETBALL ASSOCIATION'S TOP SCORER?

1—The Ohio State alumnus and Philadelphia Warrior star gave up baseball (he was a pitcher), because of a sore arm, to become the NBA's leading scorer for the second straight year, last season, with 1631 points.

2—The Lakers defeated the Milwaukee Hawks by one basket in the rough, high-scoring affair, on Dec. 5, 1954, after four Minneapolis regulars had gone out on fouls and another was injured. Sixty-seven personal fouls and six technicals were called during the game.

New Pilot Training Program Is Offered

The Air Force has once again opened wide the door for young men who desire to take either Pilot or Aircraft Observer training and become flying officers in the United States Air Force.

M/Sgt. Charles E. Owen of the local Air Force Recruiting Station explains that through the aviation cadet program the Air Force trains a young man to become a skilled flying officer in approximately one year. The program also enables the Air Force to maintain a sizeable force of younger men for flying the latest types of super-sonic aircraft.

While in training, food, uniforms, flight clothes and equipment, housing, and medical and dental care is furnished free to each cadet. Additionally the cadet receives regular pay and flying pay while on flight status. The flight status starts after completing the first twelve weeks of pre-flight.

After successful completion of the training the cadet graduates with a second lieutenant's commission and receives his wings. He receives pay of $370 a month until he marries and then $455. He also receives a pay raise every two years in addition to pay raises with promotion.

Sgt. Owen also explained the application requirements: 19 to 26½ years of age, single, in good physical condition, and at least a high school graduate. Applicants are given a written examination and interview at the local recruiting station. If found qualified, he will be scheduled to take the aircrew aptitude and physical examination. If the applicant is successful in completing the tests, he will return home to await assignment orders within a few weeks. During all processing; travel, food and lodging expense will be paid by the Air Force.

He further explained that applicants are not enlisting in the Air Force at time of application. They are only applying for flying training. If they are not successful in passing the aptitude tests or the physical examination, they are under no obligation to the Air Force.

Young men interested in flying and receiving the training offered by the aviation cadet program are urged to contact Air Force Recruiting, 1811 G St., for complete information or for informational booklets that explain the Air Forces flying program and the opportunities now available to flying enthusiasts.

Income Tax Information Is Given

Individuals who worked for more than one employer during 1955 must be careful to attach to their Federal income tax returns for the year all their W-2 Withholding Statements, District Director of Internal Revenue Robert A. Riddell warned today.

"Many people worked for several business firms during the year", Mr. Riddell pointed out. "Generally, such firms will furnish employees who have left their employ proper statements shortly after they leave the company. But they are easy to misplace; and sometimes they are not furnished by the employer. Many time we receive returns which lack two or three withholding forms. Checking against our own copies of the W-2's reveals frequent tax discrepancies."

The Director's advice to all workers who have not received their Withholding Statements for work performed during 1955, is to make every possible effort to secure them without delay. Income tax returns which are filed without necessary W-2's are removed from the regular channels of processing, until the missing W-2's are supplied. This, says the Director, is particularly unfortunate when a taxpayer's return indicates that he or she is entitled to a refund. The W-2, which indicates the amount withheld for income tax purposes, is the only available substantiation of the taxpayer's credit for tax paid; and for this reason is very important, both to the taxpayer and the Internal Revenue Service.

Mr. Tiddell also stated that income tax law requires employers to furnish their employees with their Withholding Statements on or before January 31, and urged those who have not done so to provide them at once.

The State Board of Agriculture was created in 1858 and entrusted with "the general prudential and financial affairs" of the State Agricultural Society.

Ad Club To Elect New Officers

First official meeting of the Greater Bakersfield Advertising Club is scheduled to be held at Cy's Downtowner, at which time election of officers will be held Feb. 21.

Offered as a slate of officers by the nominating committee are Vern Mack, president; Ben Paschal, vice-president; Eleanor Strauss, executive secretary, and Bob Love, treasurer.

On the board of directors those nominated are Harold Wadman, Al Constant, Joe Roundtree, Ralph Ryan, Bill Merrill, Raymond Rees, Al Robbins, Dorothy Annis, Dave Jennings, Tony Pezzi, and Leo Schamblin.

CRUSADE FOR CHRIST — A county wide Crusade for Christ with the famous Jack Shuler Team conducting the drive will be held at the new fairgrounds from March 1 to March 25. The crusade is being sponsored by more than a hundred Kern County churches with ministers and laymen joining hands to put over what is predicted to be the most important revival series ever instituted here. Pictured L-r are: Captain Robert Yardley; Shuler; Rev. Arthur Fleming; Rev. Robert H. Pease and Don DeVos.

Lava Beds National Monument, lying close to the Oregon border, contains lava tubes, cones and masses of lava twisted into amazing and picturesque shapes.

Mount Etna, Sicily's 10,636-foot volcano has had more than 50 major eruptions during recorded history. Etna is Europe's tallest volcano and its last violent outbreak occurred in 1950.

BUSINESS THRIVING NO MORE: This was once a prosperous business in the delta area at Yuba City. It served hundreds of families until a raging flood moved it four hundred yards from its foundation to a silt covered field. Hundreds of homes met a similar fate.

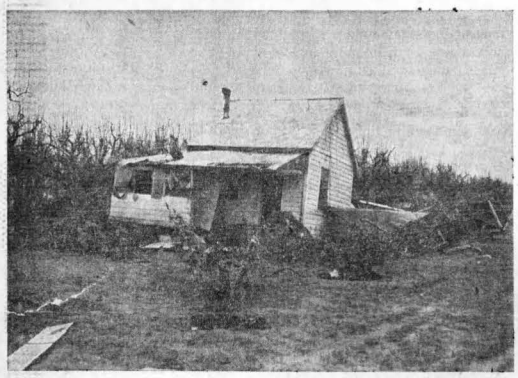

Photo by Vern Mack

FAMILY HOMELESS: A happy family once lived in this house. They were prepared for a Merry Christmas until torrents of water picked up their house and moved it half a mile away and set it down in a silt covered orchard. Not a single personal possession was saved.

Photo by Vern Mack

FROM PROSPERITY TO GRIEF: The owners of this once lovely home faced the world the morning after the Yuba City flood to find themselves penniless. Water seven feet high on the house has made it impossible to restore. The orchard has been uprooted and ruined. The owner has only the shirt on his back.

Greater Bakersfield Memorial Hospital Looks Ahead

By VERN MACK

How it feels to be a victim of tragedy can never be fully realized by reading about it, or looking at pictures. But you can make some reasonable analysis when you visit the scene and see the results of destruction beyond the control of man.

Such was the scene I visited at Yuba City, where thousands of its once prosperous and happy people are now in complete dispair as the result of the flood that broke through a levee and ravaged homes and valuable property just prior to the Christmas holiday.

Mothers and Fathers, still unaware of the fate that was to befall them, busied themselves with the preparations of a Merry Christmas. Children waited in eager anticipation, and merchants displayed their wares in holiday fashion.

It had been a good year, and the celebration ahead was partially in thanksgiving for the blessings that had been bestowed upon them. And then suddenly, happiness was turned into fear, dispair and grief.

An unusual winter had piled snow deep in the mountains above this thriving community. Rains followed the snow and warm weather melted the packs, swelling streams to bursting points.

Concern for the levee protecting Yuba City and Marysville was broadcast through the area as the storm worsened. Warnings were sent out to the people who lived in the levee area, and finally an alert to evacuate.

An Undersheriff and his son, along with two volunteers made a last minute patrol of the area to warn those who were reluctant to leave their homes and all they possessed.

The car raced along the levee front, and then it happened. Torrents of water broke through the wall and rushed onward to wreck and destroy all that lay in the path. The ill-fated car was in that path and the Undersheriff and his son died in their last official act. The two other men tried to escape. One perished in the swirling waters, the other, after four hours of pain and punishment arrived on safe ground.

Families were separated, while those who could not escape died in the worst disaster to ever strike this valley community.

Officials quickly set up shelters and emergency quarters, but in disaster it is difficult to attend the suffering. Every community sent aid, and men worked hour upon hour without sleep or rest.

Only by the experiences of our neighbors can we best know what is needed in such times of emergency. In Bakersfield we all pray that disaster never comes, but we are not so complacent as to say it can't happen here. Our best insurance is preparedness in the face of such an eventuallity.

Our Greater Bakersfield Memorial Hospital is within $50,000 of completing the entire project. That's a cheap price to pay for a chance at survival. A vigorous effort by all of us at this time will write success to this chapter of community enterprise.

Fund Drive Nearly Over

The $400,000 needed to equip and furnish the Greater Bakersfield Memorial Hospital is within $50,000 of success. A real push by our public spirited citizens will write off this sum in record time, and the people of this community will realize for their efforts, a modern medical center ready to cope with illness and accident when the need arises.

The most modern equipment known to medical science will be installed in the Memorial Hospital, and an organized medical staff will be prepared for any emergency.

The realization of this fine project has been due to the kind of planning and thinking that is expected in a growing community such as Bakersfield, and whose creed is not being satisfied with yesterday or today, but who look always to the future.

Thousands in this city have contributed to the success of the Memorial Hospital, and now that the drive is in the twilight of the campaign, a very small effort by all of us will write finish to a job well done.

If you have not yet contributed to YOUR hospital, then do it today. Send in any amount, large or small to, Memorial Hospital, Post Office Box 576, but do it today.

We can make it a daily prayer that floods such as Yuba City, or train wrecks such as the recent disaster in Los Angeles, never are a part of our history, but we can also be ready as humanitarians should be to save life if called upon to do so.

Photo by Vern Mack

NO TIME FOR CELEBRATION: This was once a busy highway and thriving cattle ranch. The Knight's Landing highway is now silt and debris, the ranch is without stock and under several feet of water. The owner and his family barely escaped with their lives.

Photo by Vern Mack

THE POWER OF WATER: Flood waters angrily sweeping all in its path, picked up this once happy home and moved it 300 yards and deposited it at a neighbor's front door. Both families were prosperous orchardists. Today they are without homes or income as a result of the unexpected.

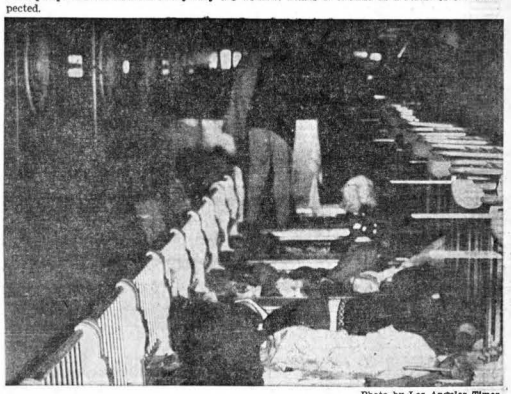

Photo by Los Angeles Times

A MOMENT OF DESPAIR: What had been but a moment before, a happy holiday crowd returning to their homes, turned into pain and death in a split second. The Santa Fe disaster in Los Angeles vividly points up the need for adequate medical facilities in all communities.

No. of River Garden Section Prepares Federation Decor

The highlight of the February meeting of the garden section of the North of the River Woman's Club at the home of Mrs. Paul Woosley, 2801 Barnett Avenue, Highland Manor recently, was the fashioning of floral arrangements for tea tables and also corsages in preparation for the Convention of the San Joaquin Valley Federation of Women's Clubs to be held at the Woman's Club of Bakersfield clubhouse, April 17, 18 and 19.

Mrs. Robert West of Flora West's Gift Shop and Nursery demonstrated the art of creating effective corsages and arrangements for all occasions.

Mrs. Francis Strunk, chairman of the section and the Mesdames Dale Hickman and Paul Woosley, co-chairmen, will have charge of the decorations for the Convention. They were also instrumental in planting shrubs at the Oildale Library, the Bird Garden, and are at present working on a garden spot in Central Park.

Members attending the meeting were the Mesdames Lynn Hayden, Chester Overocker, R. C. Wilson, R. B. West, William Goff, Kenneth Alviso, Harley Pinzon, E. W. Cunningham, Frederick E. Hoar, Anna K. Owen, Leon Oglesby, Frank Loomis, William Williams, August Soucie, Dale Hickman, P. J. Woosley, and guests Mrs. W. R. Bergman and Mrs. Paul Christenson.

The hostesses Mrs. Strunk and Mrs. Woosley served coffee and doughnuts during the coffee hour. Mrs. Eugene Mon, courtesy chairman, presented Chrysler Imperial rose bushes to Mrs. Woosley and Mrs. West.

Mrs. Strunk announced that the section is also making plans and arrangements to trek to the International Flower Show by chartered bus which will be held in Inglewood March 22. Announcement was also made that the section will enter specimens and arrangements in the Bakersfield Garden Club Flower Show to be held April 14 and 15.

Mrs. Strunk invited the section to view her garden at 1807 Carrere Street, on March 14 at 10 a.m.

Stockdale Jr. Golf Lessons

Stockdale Junior Golfers will start group lessons February. 28 and will meet on Tuesdays and Fridays at the course from 10-10-45 in the first group and from 10:45-11:30 on the second day.

Jimmy Thompson, pro, will give the lessons and reservations and information can be taken care of by phoning Mrs. Keyser at FA 4-0659.

The series will continue through March 20.

A delightful get-acquainted coffee will precede the first lesson at the club at 9:00 A.M., February 28.

Hospitality Days At Country Clubs To Debute Spring Bonnets

Spring bonnets will be very much in evidence when Stockdale Women's Organization and Bakersfield Country Club gals get together for their Hospitality Day parties. In fact the very latest spring chapeau will be the intriguing feature at Stockdale's party with the decor set accordingly. At Stockdale the party is set for March 7 at the club with Mrs. William Schallock, chairman. Her committee consists of the Mesdames Wayne Cross, Howard Ellison, Ben Greene, Lewis Borel, John Hill, Jr., T. E. Eveleth, Jr., Donal Le Claire, and Burdette Kine.

"Bonnet Daze" is the theme and hats will be shown by Sylvia Millinery and Accessories in East Bakersfield. Those modeling will be Mesdames C. A. Fowler, Ira Ahern, R. E. Lewis, E. A. Andress, Otis Cullum and Henry Roth.

Reservations will be taken by Mrs. Lloyd McClure at FA 3-1160, Mrs. Wayne Cross at FA 4-3338 and Mrs. Jim Bridges at FA 2-4392. Make those reservations not later than Monday 5 of March!

A social hour will precede the luncheon and cards to follow.

At the Bakersfield Country Club high on the hill top overlooking the entire city the date of the party will be Feb. 28 at noon with the theme, "Leap Year." Mrs. W. H. Stewart is chairman, and committee members are Mesdames Willard P. Gold, E. A. Bender, Louis Miller, Carl L. Cabaniss, Jim B. Hill, William Grimsted and LeRoy Barnett. A cocktail hour, luncheon, a fashionette from Brock's will be features of the day.

Reservations for this event must be in by the Saturday preceding which will be Saturday the 25th.

Third Annual Square Dance Convention By Valley Group

February 17, 18 and 19 marks the Third Annual California Square Dance Convention to be hosted by Fresno's Eight Square Dance Clubs that make up the Valley Association Square Dancers. Convention to be held at Fresno Memorial Auditorium.

For the first time "live" rather than recorded music will be a feature of the convention. Guest entertainers will be the famed Ozark Opry Gang, and Jack Barbour and his Rhythm Rustlers.

The three day conclave will bring square dancers from all parts of California and some from out of the state.

The public is invited free as spectators to the dance exhibitions which start Friday evening at 8:30. Saturday dancing starts at 10 a.m. to noon, 1:30 to 5:30 p.m. and 8:15 to 11:30 p.m. On Saturday night at 11:30 p.m. the Ozark Opry Gang will present a ninety-minute show.

On Sunday the convention gets underway again at 9 a.m. with more dancing and ends at 5:30 p.m. Sunday night.

During the convention there will be such features as: Round Dance Workshop conducted by Kay and Forrest Richards. There will be instruction in the proper design and styling of square dance attire. A club activities meeting will be headed by Ed Ferrario, editor of the Square Dance magazine: "Square Dance Where?" Doris McCortney, editor of "The Open Squares" magazine will conduct the clinic: "Publisher's Pow-Wow."

The Square Dance callers will be Bill Castner, Glenn Story, Bruce Stotts, Bob Van Antwerp, with local San Joaquin Valley and other guest callers.

The Valley Associated Square Dancers are headed by Joe Quick, president; Wes Johnson, vice-president; Ruth Clare, secretary and Andy Latonia, treasurer.

Wuthering Hights Big Hit To Play Again Feb. 17-18

By George Palmer

A weird ghost story of distraught lovers is my description of the current Community Theater production of Wuthering Heights playing again next Friday, February 17, and Saturday, February 18, at the Golden State School Auditorium, 910 Belle Terrace.

This story of a great love and many mixed emotions is perhaps the greatest effort of director Gaylord Marr to bring to the drama hungry patrons of the Bakersfield Community Theater a really great show done in a highly technical way.

Here is a story of a family that is torn apart by the determination of an adopted gutter-snipe, Heathcliff. Loved only by the master of Wuthering, Heathcliff is lowered to the rank of stable boy by the new master, Hindley, after the death of Hindley's father. Cathy, the daughter, builds a mutual love with Heathcliff that is to be the great love in this story. Going their separate ways to build a security for their great love, Cathy marries Edgar Linton, a financially fixed fop, while Heathcliff goes to sea to seek his fortune. When Heathcliff returns and finds Cathy married to Linton, he marries Linton's adventure-loving sister Isabella. Heathcliff and Isabella then move into Wuthering that has withered do to the brandy sipping of Hindley. Thus by his describably devil like attitude Heathcliff breaks another home. Cathy takes ill and dies which drives Heathcliff to wander the moors. The story ends in a state of transfiguration, with the images of Cathy and Heathcliff seen in the castle of their dreams.

Requiring an almost professional touch the portrayals in this production were done exceedingly well.

6 Boys Join U. S. Navy

At ceremonies in Los Angeles, recently six men from Kern County were sworn in the Navy. D. E. Berrigan of 46 W White Lane, A. R. Hodges of 2500 South Union, J. H. Childs of 227 East 7th Street, D. E. Lowe, Jr. of 233 East 5th Street, J. C. Coodey of 216 Decatur Street, Bakersfield and W. P. Smithson of Box 475, Shafter.

They are presently undergoing training at the U.S. Naval Training Center, San Diego, where all the men from this area go for recruit trainging. Upon completion of recruit training they will get 14 days leave before going to their new duty stations which could be any one of the Navy's many schools, stations or ships throughout the world.

The Navy recruiting office is located in Room 52 of the Haberfelde Building, Bakersfield, is open from 8 a.m. to 5 p.m. daily and 8 a.m. to 12 noon Saturdays.

A high school graduate program now in effect in the Navy will guarantee a high school graduate who qualifies a service school upon completion of recruit training.

Farmers' Tax Guide Available

A new booklet explaining the income tax rules which will apply to farmers in 1955 is now available at the Farm and Home Advisors' office. John Hoyt, Farm Advisor, Kern County, stated that the new tax guide should be of great assistance to Kern County farmers in completing their income tax report since the booklet was written especially for farmer use.

Past Year Was Time of Tragedy

"At no time in our history has tragedy struck with greater force than during these past 12 months," so stated Sam Seitz, Chapter Chairman for the American Red Cross.

"From Maine to California, from Mexico to the Canadian Border," continued Mr. Seitz, "people have been ravaged by fire, floods and hurricanes. And in each of these, the American Red Cross has responded in the traditional manner."

Mr. Seitz spoke today in reference to the Red Cross campaign which begins here on March 1st, and upon word from Fund Chairman, Charles Manley that all was in readiness to conduct the effort toward raising the county quota of $9,502.

Advance Gifts has a quota of $20,000 and is chairmaned by Mark Raney; Special Groups, under Al Dewire has as its quota $3,552; Business District quota has bee nset at $10,000, Residential District with Chairman Lucella Hollingsworth is also $10,000, and Branches and Outlying Districts under J. L. Gunn has a $29,950 qquota.

The largest number of volunteer workers ever assembled for a Red Cross drive is the 1916 status according to Fund Chairman, hCarles Manley, who voiced optimism that the March drive would be conducted speedily and successfully.

Breakfast for Flood Victims

GRATEFUL RESIDENTS OF Scranton, Pa., driven from their homes by raging flood waters, line up for breakfast at a Red Cross shelter. Thousands of homeless throughout the Northeast during last summer's floods were cared for at shelters set up by the Red Cross.

Night School Registration

Registration for night school classes does not end with the first week of a new semester, Dr. H. Parley Kilburn, director of adult education, emphasized recently. "Very often people in the community feel that if they are unable to enroll during the first week of registration, they have missed a chance to take desired classes," Dr. Kilburn said. He pointed out that this is not always true. Those who do not need high school or college credit may enroll for most classes anytime during the year, while those wishing credit have three weeks to sign up for their classes. Information about classes may be obtained at the business offices or by telephoning FA 4-9841 week days or evenings, Monday through Thursday.

19 NH Students Gain Honor Roll

Nineteen North High students have been named for scholastic achievement in receiving "A" grades in all classes for the three six-week grading periods, therefore making the Semester "Straight-A" Honor Roll.

Straight-A Honor students for the fall semester are: Baxter, Marilou; Bright, Jim; Buchholz, Brian; Burdick, Max; Casey, Frances; Christensen, Doug; Crabill, Sharon; Fisher, Judy; Frye, Sharon; Gentry, Glen; Glascock, Joy; Gretlein, Jay; Harrington, Art; Massey, Gary; Phillips, David; Ray, Mike; Russell, Tom; Taylor, Janet; and Wilson, Cherone.

Servicemen

SAN DIEGO — James G. Prince, radioman third class, USN, of 112 Grace St., Bakersfield, was scheduled to arrive at San Diego Feb. 5 aboard the radar picket destroyer USS Duncan which completed a six-month cruise in the Far East.

Lake Tahoe, on the California-Nevada border, is 21 miles long and 12 miles across at its widest point.

William M. Eddy, who made several early-day surveys of San Francisco, later became State Surveyor General.
